AUTO ARMOR
Entire Car Protection

www.autoarmor.co.bw

AUTO ARMOR
Entire Car Protection

1

SMASH & GRAB TINT

It not only acts as a high performance safety measure, but also offers heat and glare reduction.

2

PAINT & INTERIOR PROTECTION

Nano Paint Protection contains advanced polymer layers that are applied to the vehicle's paint surface.

3

HEATSHIELD

Clear film that is installed on the inside of your windscreen reducing over 80% of the incoming heat rays and blocking out UV.

4

WINDSHIELD DEFFENDER

Clear film that is installed on the outside of your windscreen protecting your windscreen against chips/stones etc

AUTO ARMOR
Paint Protection Film

PAINT PROTECTION FILM (PPF)

Paint Protection Film (PPF) is a transparent, durable solution designed to shield your vehicle's paint from scratches and damage, ensuring long-lasting beauty and value.

KEY BENEFITS

OF PAINT PROTECTION FILM (PPF)

Scratch Resistance

Protects against chips and scratches in paint.

UV Protection

Shields paint from fading and discolouration effects.

Self-healing

Scratches disappear with heat exposure or sunlight.

Rock Chip Protection

Resale Value

Chemical Resistance

PRICING OVERVIEW

There are three main factors that affects pricing.

Coverage Level

- Pricing varies based on how much of the vehicle is protected
- Options range from Partial Frontal to Full Frontal and Full Body coverage
- More coverage means more film and installation time

Finish Choice

- Gloss enhances shine and paint depth
- Matte delivers a smooth satin look with reduced reflections
- Matte finishes generally require more precision, increasing the price.

Model Type

- Larger vehicles require more material and labour
- Vehicles with complex curves, edges, and body lines take longer to install
- Premium and performance models often involve higher installation complexity

Architectural Window Tinting

Window films that redefine the way you experience **PRIVACY, COMFORT, & AESTHETICS** while **SAVING MONEY!**

Offering a vast variety of shades and colours to suit your needs.

SILVER REFLECTIVE

Offers fantastic **heat reduction and privacy** while preventing expensive items inside the building from fading.

NANO CERAMIC FILMS

(non-reflective)

Exceptional **non-reflective heat reduction** films preserve your view and natural light, absorbing solar rays to minimise heat.

METALIZED SPUTTER FILM

Reflects heat without a strong mirror-like look, minimizing thermal stress on glass panes. They surpass nano ceramic films in reducing heat transfer.

NON-REFLECTIVE 2 PLY FILM

Available in both clear and dark film which are designed for privacy, glare reduction, safety and protecting building contents from getting damaged from UV rays.

TRACKER BOTSWANA

We've Got You

www.tracker.co.bw

WHY TRACKER?

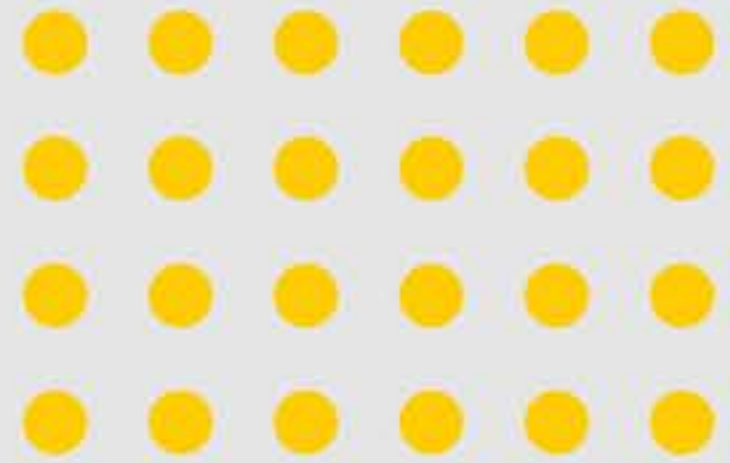

- With millions of subscriptions, Tracker is a dominant brand in the industry and a household name in South Africa.
- We are represented in Botswana, Lesotho, South Africa and Eswatini
- To date Tracker has recovered over 105,000 vehicles, arrested 19,000 criminals and shut down 362 chop shops
- Our products are recognised by all motor manufacturers.
- Tracker Botswana has been in business for 9 years - partner in South Africa for almost 30 years!

www.tracker.co.bw

WHAT MAKES US UNIQUE?

Recoveries are FREE of charge

Other Tracking Companies charge for recoveries, the price of which can be as high as P8,000 per hour to lift the helicopter in the search - this amount is charged to client.

Strong partnerships with Botswana & South African Police services

We are the only Tracking Company with a Protocol Agreement in place with both the Botswana and South African Police Service.

Driver behaviour Dashboard

Encourages the honesty factor with drivers.

Fleet Management

Save your Fuel and minimise mileage with Tracker SkyTrax. Reduced servicing costs as vehicles are now used wisely for productivity.

BOTSWANA
Vehicle Anti-theft Technology

KEY FEATURES

Ghost is a revolutionary vehicle anti-theft device that takes security to the next level. Designed with cutting-edge technology and user-friendly features, Ghost X offers an unrivalled protection system for your vehicle.

From an advanced anti-theft system to auto disarming and proximity lock, Ghost X provides a comprehensive shield against theft, giving you peace of mind wherever you park.

NO MONTHLY FEES

Enjoy full protection without ongoing costs. A once-off purchase gives you lifetime vehicle security—no subscriptions, no surprises.

NON INVASIVE INSTALLATION

Ghost devices are expertly installed with zero cutting, splicing, joining, or rewiring required. Your vehicle stays untouched and fully intact.

ANTI-THEFT TECHNOLOGY

Vehicle theft has become an unfortunate way of life in South Africa. Currently, there are many different types of devices on the market that help in many ways, but vehicles are still being stolen.

GHOST PLUS

- ✓ Includes Ghost X Features & Two-Part Arming System
- ✓ Once-Off Fee with no monthly installments
- ✓ Includes Hilux, Ranger, and more (With Start/Stop Buttons)

GHOST X

- ✓ Valet Mode + Cycles + Proximity lock + Service Mode + Auto Disarming
- ✓ Compatible with most vehicles
- ✓ Once-Off Fee with no monthly installments
